INFLUENZA SITUATION.

The physicians of Paris have been supplied with quantities of the Mayo-Rosenow serum, said to be very effective as a preventative of influenza and pneumonia. In large communities where this serum has been extensively used it has reduced the complication more than two hundred per cent.

Services in the local churches were resumed Sunday under permission of an order granted by the local Board of Health. The houses of worship have been fumigated and were well ventilated. No children under sixteen were admitted. No Sunday school or young people's meetings were held.

By permission of the Board of Health several grades in the City School were allowed to resume their interrupted studies. The rooms in the school have been made thoroughly sanitary, well ventilated and the pupils being in widely separated desks, it is not thought there will be any danger of their contracting influenza.

AGED WOMAN DROWNED.

Mrs. Mary Padgett, aged about eighty-five, disappeared from her home near Ruddles Mills yesterday afternoon. A search being made for her the searching party found her shawl and bonnet on the edge of the creek below Ruddles Mills. The supposition was that she had drowned herself. Late last night searching parties had not found the body. She was the mother of Carroll Padgett, Ernest Padgett and Dr. Thomas Padgett, the former being a resident of Covington.

RED CROSS DRIVE STARTS WITH BIG FLOURISH.

With a big flourish and accompanied by the ringing of church bells, the big tower bell on the fire department and the court house bell, the Red Cross Christmas Roll Call was inaugurated yesterday morning, and no one was allowed to escape or even offer an excuse. In the county it was the same way, and reports from the workers in both city and county report a very satisfactory response to the appeals of the workers. The campaign will continue to the end of the week.

Every man, woman and child in Paris and Bourbon county is the goal sought by the campaign workers, and to that end the campaign committees and the solicitors are bending all their energies. Every business house and home in the city and every home in the county, no matter what the size or the social status of the occupant, will be visited and the Red Cross plea made for membership.

Everyone realizes what the Red Cross has done during the war during all the disasters of the past, and particularly have we had its beneficial work illustrated during the in-

tervention.

Capt. William Collins and A. C. Detwiler, of North Middletown, both in the American Expeditionary Forces in Europe, are reported as having on the Atlantic, returning home, according to advices received by relatives in North Middletown, Saturday.

Mr. James Taylor, of North Middletown, received a letter from his son, Private Frank Taylor, who was reported in the official casualty lists as severely wounded. Young Taylor stated that he was getting along very nicely and that the Red Cross nurses had him in charge.

Mrs. Pat Burke is in receipt of a letter from her brother, Sergt. Thos. Guilfoyle, stating that he was in a Base Hospital, in France, suffering from wounds. He said he was improving, and hoped to be entirely recovered in a short while.

Capt. James A. Orr, of this city, although a surgeon, was close up to the front line trenches for three weeks before the armistice was signed.

He writes that he is quite well and never felt better in his life.

He has no idea when he will return to the United States. Says it may be one month and it may be six months.

He has seen a number of prisoners returning from Germany and says they were in fairly good shape, but poorly clothed.

Capt. Orr has had the pleasure of meeting Miss Margaret Wilson, daughter of the President, and had quite a lengthy conversation with her.

He was able to get a snapshot of her as she was giving out cigarettes to the boys.

She sang a number of songs for them, and has certainly contributed her share by way of cheering up the boys.

THE TOBACCO MARKETS.

The Independent House held the second sale of the season on Friday. A total of 68,755 pounds of tobacco was sold for \$19,394.46, an average of \$28.20 per hundred pounds.

The Bourbon Tobacco Warehouse Co. sold Friday a total of 21,620 pounds of tobacco for \$6,510.41, an average of \$30.11 per hundred pounds.

The good grades were strong, but the inferior grades were lower in price than on the first day's sale.

Mr. N. H. Wycoff, of Rockmount, N. C., has arrived to take up his new duties as auctioneer at the Bourbon Tobacco Warehouse.

So far the season has been very satisfactory to the growers and the warehousemen, and doubt as to the wisdom of opening the market before all the buyers were on the floors has been changed. Taken all in all the season promises to be a very good one for all in the business.

The Bourbon Tobacco Warehouse Co. sold at their sale yesterday a total of 15,870 pounds of tobacco for \$4,711, an average of \$29.69. Some of the best crop averages were as follows: Weathers & Shroud, 3,795 pounds for an average of \$39.11; Lall & Lall, 1,005 pounds for an average of \$24.84; R. L. Wilson, 3,930 pounds for an average of \$32; Martha Welsh, 1,675 pounds, for an average of \$35.96; Otto Suges, Nicholas county, 905 pounds for an average of \$30.81. The market will close on Friday, for the holidays, Friday's sale being the last one before Christmas.

No sale was held at the Independent House yesterday. The Bourbon Tobacco Warehouse will hold a sale to-day, and close the pre-holiday season with Friday's sale.

Three of the biggest buyers, who have been off the market, are expected after the holidays, when the tobacco business will boom in the way of competition. After the holidays sales will be held every day except Saturday.

TEACHERS QUIT WHEN THEIR PAY IS STOPPED

Failure of teachers to receive their pay is creating a storm of protest and State Superintendent V. O. Gilbert's mail is filled with inquiries.

A count superintendent wrote that he is losing teachers and the banks refuse to lend the county boards money because the apportionment of the State School Fund does not arrive on time.

He also said that all his teachers had subscribed for war savings stamps, which they cannot buy unless they receive their pay this month.

Many of his teachers are seeking positions elsewhere, he added.

While there is plenty of money in the State treasury, it is not in the State School Fund, and what is coming in now, it is understood, will not be apportioned to the School Fund until the end of the month.

Superintendent Gilbert would like to borrow the money from the State Road Fund, which has several hundred thousand dollars lying idle, accumulated during the war, when work was virtually at a standstill, as it is in the winter months.

The schools will receive over \$2,000,000 from Sheriff's revenue in the next few weeks.

The schools got behind in accepting an estimate based on an assessment of 80 per cent. on railroad franchises, which the United States Supreme Court reduced to 60 per cent. This made it necessary to go into this year's funds to meet the last March distribution.

By the end of the present school year this deficit will be overtaken and Superintendent Gilbert said that next year it will not be necessary to pass any distribution period.

FUGITIVES ARRESTED

Lee Samuels, of Clark county, and John Inglesman, of Stanford, both colored, serving four-year terms in the Frankfort Reformatory for robbery, escaped from their guards and made their way as far as Paris. Here they were "out of luck" as telephone messages preceded them and caused the Paris police to get busy. Chief of Police Link and Patrolman Lusk got busy and soon apprehended the fugitives, who had taken refuge in the classical precinct of Clayville.

The men were returned to Frankfort in charge of Chief of Police Link, and turned over to the prison authorities. The arresting officers will receive the usual reward of \$100 for each prisoner.

EXCITEMENT IN OIL.

LOUISVILLE, KY., December 16—(By Wire)—Considerable excitement and much interest was manifested here by local investors when it was announced that the McCombs Oil Co. had completed two more gushing oil wells.

The first of these known as Well No. 3, on the Butcher lease in the heart of the Big Sinking district, in Lee county, which was estimated at four hundred barrels, flowed 1,000 barrels in twenty-four hours by actual measurement.

The other well, known as Butcher No. 4, when only five feet in the sand, flowed ten feet over the top of the casing. This well is good for 750 barrels for day.

REB NEURALGIA PAIN AWAY, DON'T SUFFER

Instant Relief! Rub Nerve Torture, Pain and Misery Right Out With "St. Jacob's Liniment."

Conquers pain—never fails. Rub soothing, penetrating "St. Jacob's Liniment" right on the ache or pain, and out comes the neuralgia misery.

Here's a joyful experiment! Try it! Get a small trial bottle from your druggist; pour a little in your hand and rub it gently on the sore, aching nerves, and before you realize it—in just a moment—all pain and neuralgia disappear. It's almost magical, but the joy is, that the misery doesn't come back. No! The nerves are soothed and congestion is relieved and your neuralgia is overcome.

Stop suffering! It's needless—neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body, is instantly banished. "St. Jacob's Liniment" is perfectly harmless and doesn't burn or discolor the skin. In use for half a century.

In the world's necessity lies the paramount challenge to the American Red Cross. Your voice is needed to answer the Christmas Roll Call!

From Red Cross hospital gardens in France over 5,000 convalescent soldiers have harvested 23 tons of green vegetables and a large crop of potatoes.

CATARRHAL DEAFNESS CANNOT BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed there is a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrhal Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrhal Medicine. Circulars free. All Druggists, 75c.

MIght HAVE BEEN WORSE.

To fall into a coal hole, get all mussed up as that soldier did in this city a few days ago, was bad enough, but along comes Jim Allen in the Cynthiana Democrat, and throws this shot at him:

"A Kentucky soldier, who fought in the front line trenches in France and participated in many a hard drive, fell into a coal hole in the sidewalk at Paris, Ky., and was bunged up worse than anything the Germans could do. It's just possible, but not probable, that the shot he got at Paris made the coal hole chase him."

Jerusalem war gardens should thrive this winter. The Red Cross will provide plowing oxen.

LETTERS FROM BOURBON COUNTY SOLDIERS AND SAILORS

James L. Parker, son of Mrs. George Parker, of Paris, writes to a Paris friend as follows from the Western front, his letter being dated October 12, several days before the signing of the armistice:

"West Front, Oct. 12.

Dear Friend:

"At last this war has ended and it sure makes me feel happy to know that I have been in it and came out alive.

"Everything is very quiet on the line to-night, and at this time night before last the battle was raging. One can hardly believe that just two nights ago star shells were going up over 'No Man's Land,' which is our land now, and poison gas was in the air. The star shells made everything as light as day, and I felt as if I was walking in a graveyard. In a few hours after that a big bunch of the enemy came over and announced they wanted to go back to America with the Yanks. When we told them it was impossible for them to do that, they seemed very disappointed and went back across 'No Man's Land' unopposed to their own lines. After a while a few of us walked boldly across to their lines and was very much surprised when the German

officers met us with their hands out and the word 'Kamerad.' It is a very peculiar feeling being in the enemy's territory, knowing that hostilities might start again, and you might be a prisoner, but you know that is the American's way to take a chance.

"They were all overjoyed because the war had stopped, for they say they have no more men, ammunition, nothing. We were surrounded by the Huns everywhere we went in his lines and all of them trying to tell how well the Americans fought, and how glad they were to quit fighting, at the same time.

"When we started back to our lines a lot of them wanted to come with us, but we explained to them that they could not, by signs. I suppose we will leave for home soon. I hope to meet you in good old Paris Kentucky, very soon.

"Truly Yours,
JAMES L. PARKER."

Describing sights, sounds and scenes in Europe antedating the signing of the peace armistice, J. W. Waller, a former resident of Paris, writes to his sister, Mrs. Henry Judy, of near Paris, as follows:

"Somewhere in France,
"October 26, 1918.

"Dearest Lillian:—I have to-day received your letter of October 2, with clipping from THE NEWS, which I enjoyed very much. I have also received letters from Martha and Aunt Lucy of about the same date—the first mail that I have received.

"Your letters came in very good time and I have already read them several times, as I am now located in a dugout with no other officer other than myself and the evenings are rather long. Our company has been split and I am now in charge of a platoon operating as a separate unit. I am very comfortably located in a dugout built by 'Fritzie,' with a good fireplace and a large wood fire, which the orderly builds me each evening before I come in. Everything is fine, only I have to run a rat or two out of my sleeping bag most every night before going to bed and let him do his sleeping in the day time. Wish I had some place for them to sleep at night, for they are quite annoying.

"Fritz has been quite active with his artillery of late and as I now write he is turning them loose at a h—of a clip. However, I have gotten used to the shell fire and feel perfectly safe here in the dugout—if he does not turn too many of his gas shells loose—and I always sleep with my gas-mask where I can easily get to it.

"I am now building light railways and maintaining them up to the front lines to haul in artillery and ammunition, and I have walked over quite a bit of 'No Man's Land,' and it is very interesting to note the different types of modern warfare and the amount of human energy and skill in laying out artillery pits, dugouts, trenches, barbed wire, etc. This part of France would be very profitable for a junk dealer after the war, as he could salvage almost any thing in his line."

"I have read in the paper (yes I get a paper once in while) the German reply to President Wilson's note and the people of the States can believe and I know that they do believe her just as unreliable as she has always been through the war. Only a few days ago not far away a private captured six German soldiers with a hand-grenade. They were located in a dugout behind the American line after a drive dressed in the U. S. uniform, operating heavy artillery, to do what damage they could. The U. S. soldier was too quick for them, and they gave that 'kamarade' stuff. On entering the dugout he found another American soldier that they had killed and was not yet cold. It is a pity he did not turn the grenade loose on them. A great many instances of this kind.

"There is lots I would like to tell, but I can not. Let the good people of the U. S. stick to us they did in the last Liberty Loan drive and we will build our narrow gauge into Berlin.

"With best love to all,
"Your devoted brother,
J. W."

been in France I will devote a little of my spare time to writing. I am well, with the exception of having a bad cold, and that really amounts to very little over here. In fact, I have had a cold ever since I have been over here.... There are lots of funny sights over here. I think the first funny thing I ran into when I landed in France was two dogs pulling a milk cart. I thought wooden shoes had gone out of style, but they haven't. Grapes seem to be the biggest crop in France. They certainly make a lot of wine.... Bicycles seem to be popular with the French people. If they can't get a bicycle they will push a wheelbarrow. Many of these wheelbarrows have a dog hitched in harness to the front.

"I don't think we will be over here very long, as I hear we will be sent back some time between now and spring.... There goes the mess call, something every soldier likes to hear, so I will close. I don't think I will have to write many more letters.

"Lovingly, "WILL."

"Corp. Wm. H. Masterson,
"Co. M., 163d Infantry,
"American Exp. Forces."

Captain Neville C. Fisher, formerly a well-known Paris attorney, son of Mrs. W. H. Fisher, has won promotion to the rank of Major in the army service. In a letter to his wife, Mrs. Eva Fisher, Librarian of the Georgetown College, Major Fisher says:

"With A. E. F., France.
"October 25, 1918.

"Dear Eva:
"I received two letters from you today and will answer at once. I have been on the front under battle conditions since the 13th of August and during most of that time I have been out in trenches and woods and under the blue sky where it was impossible to write. I wrote you after the St. Mihiel fight, Sept. 12 to 15. Well, we are in another locality now and a much more active one. I am in command of the battalion again and succeeded in putting it on the map on the night of Oct. 20, and the following day. My battalion was given a task that another one had tried three times and failed to accomplish. We fought all night in the face of a heavy artillery barrage and machine guns and on until five o'clock in the evening the next day until we drove out the Boche and accomplished the task. Now we are the talk of the Division and I have been recommended for promotion as Major. It was the hardest proposition that has ever been assigned to any part of the Division and our Brigade Commanders are said to be highly pleased.

"I was slightly wounded twice in the right hand and left hip, but not serious enough to put me out of the game.

"We are now close up to the front awaiting another turn at the Boche and I expect we will get it soon.

"I am as well as can be, but get awfully tired marching through rain and mud and cold and darkness, but I guess it will be over some day and I will be mighty proud of the fact that I had a part in the great struggle. I wish I could go more into detail, but censorship forbids. It had some narrow escapes, but thanks to Him who rules all things I am still alive and healthy.

"I should like very much to see you and the children. I think of you often and I believe you would all be right proud of me if you could hear the nice things that are being said about me and my command. I will have to close now as I have some other matters that will not admit of delay.

"With a world of love to you and Emily and James, I am,

"Very affectionately,

"NEVILLE."

Rev. R. Quarles of Paris, well-known colored evangelist and widely known as the 'Black Moody,' pays a merited tribute to the colored man as a soldier, and especially as to his achievements in the world war, which, may we all fondly hope, is a thing of the past. Rev. Quarles wrote to THE NEWS as follows:

"In this last war, South African, Moroccan, Algerian, Hindoo, and American black soldiers were in France, and they are there to-day, loyal to the flag of the red, white and blue. All the reports that have come from France in regard to the conduct of the American negro troops have been highly favorable. Their officers, the French and British observers and correspondents in the field have given them high praise as soldiers in peaceful service and as fighters. They have met all military requirements and have won the admiration and respect of those who had doubted the quality of their bravery. That can be no longer questioned, as long as they have a leader to say 'Come on, boys!' The nine hundred thousand black men referred to were not all from the United States, of course. England had negro troops from South Africa, and their dark-skinned soldiers from Morocco and Algiers. Also, there were the Hindoos, who might have been carelessly counted as black men, and it is in our own negroes that the United States has especial interest. They fought for France because they were loyal Americans, ready to obey their country's bidding. They did their part just as the white men did. The writer sailed from London, England, across the Straits of Dover to Paris once, and did expect to go again as chaplain in this war, but his age was against him and kept him at home."

FORD SEDAN STOLEN—OWNER OFFERS \$50 REWARD

I had stolen from me a Ford Sedan, motor number 1381580, Kentucky license number 101182, Gray & Davis self-starter, dome light, green linoleum running boards, trimmed with brass, Dixie Shock Absorbers. About the middle of the back of the driver's seat was a 'snag' about one or two inches in the upholstering which has been repaired carefully.

Expert thieves change license tags and parts. Car may be found without dome light, with number chiseled off engine or any other changes, but I believe the little snag in the back of the seat will not be noticed.

"The bravest battle that was ever fought.
 Shall I tell you where and when? On the maps of the world, you'll find it not;
 'Twas fought by the mothers of men."

The Call is More and More Insistent. I am able to speak now with knowledge and assurance in saying that the beneficent work of the American Red Cross is to go forward on a great scale—not alone, as heretofore, for purposes of relief in war, but as an agency of peace and permanent human service.

The problems of reconstruction, involving feeding and caring for the distressed civilian populations of Europe, are of such magnitude that necessarily they must be met very largely by the governments of our

Allies, with whom our own Government will co-operate.

"The great tasks of fighting tuberculosis, promoting child welfare, and caring for refugees, with which the American Red Cross has concerned itself so effectively in France, Italy and Belgium, will at an early date be assumed by the governments, the Red Cross organizations, and the relief societies of these countries, which, now that they are released from the terrific burden of waging war, naturally desire to take care, as far as they can, of their own people."—Henry P. Davidson.

IN THE SERVICE
OF THEIR COUNTRY

(Continued from Page 1)

Mr. C. O. Hinton, who has been in France as Field Secretary in the army canteen service, arrived home Sunday after an uneventful trip over the ocean. Mr. Hinton underwent a surgical operation while in France, having an eye removed that had become affected through disease.

The "glad hand" was extended with a right hearty good will last week to Corporal Teddy Shannon, former newspaper man and all-around good fellow, who has been in the Aviation service, at Camp Meade.

"Teddy" was stationed at the army aviation camp near Omaha, Neb. After going to Camp Meade, his corps were issued their overseas equipment, and were aboard a transport ready to go "over yonder" when orders countermanding the sailing were received. Then came the signing of the armistice, which effectively sealed their chances of getting across. Teddy says he has had the willingness and the desire to serve Uncle Sam, and did so to the best of his ability as long as he could, and he surely wanted to get one chance at the Huns. We're glad to have you in our midst, Teddy!

A mother's anxiety was relieved Sunday when Mrs. Ruby Arnsperger, of Paris, received a letter from her son, Clifton Arnsperger, who is stationed in the service with the American Expeditionary Forces, in France. The letter was dated Oct. 20, but the postmark bore the date of Nov. 18. The letter had evidently been carried around in young Arnsperger's pocket for several days before being mailed. He stated that he was well, hearty and happy, and that he hoped to return to Paris soon.

AUTO STRIKES POLE.

The usual thing happened recently when an automobile came in collision with a telephone pole. The pole withstood the shock, but the machine was wrecked. Charles Faulkner, Wm. Garrison and Charles Ramey were riding in a machine near Spears Mill, when the driver in some way lost control of the vehicle, which swerved from the straight but not narrow path, and plunged into a telephone pole at the side of the road. The men all escaped injury. The wrecked machine was brought to a local garage for repairs.

ANOTHER GAP IN THE OLD MILL
DAM.

As a result of the recent heavy rains Stoner Creek is almost out of its banks, and with a good volume of pressure behind it is making more inroads on the mill dam at the plant of the Paris Milling Co. The gap in the dam has opened up very precipitously, and in its weakened condition the dam is liable to pass out some night or some day, either. This will make a very serious situation for Paris, as the water used by the people is backed up the creek to the Paris Water Co.'s plant.

Such a condition of things may force the city to act in the matter of building a new dam during the early spring, with the other interested parties, the Paris Water Co., the Louisville & Nashville, the Paris Milling Co., taking their share of the expense. This may become necessary to insure a proper supply of water for all purposes.

L. & N. ENGINEER DIES FROM
RESULT OF INJURIES.

Mr. Robert Burns, a well-known Louisville & Nashville engineer, residing at Paris, died in Corbin, Sunday night, from the result of injuries received at Corbin several days ago. Burns alighted from his engine, and directly in front of a switch engine which was approaching on another track. The switch engine's headlight was not turned on and the engineer did not see Burns. He was knocked down and ran over, sustaining injuries from which he died Sunday. He is survived by his wife and several children. The body will be brought to Paris for interment.

The funeral will be held in the Paris Cemetery at 2:30 o'clock this afternoon, with services conducted at the grave by Rev. Geo. R. Combs, of the Paris Methodist Church.

COUNCIL PUTS BAN ON "STOCK
AT LARGE.

At a recent meeting of the Paris City Council an ordinance was passed regulating the running at large of live stock in the city limits of Paris. The ordinance is published in this issue of THE NEWS.

Councilman John Merringer took occasion to enter a vigorous protest against what he termed "the expense of passing ordinances that would never be enforced." He said, "Already there is ordinance after ordinance that are dead letters, now on the books of the city and why continue the practice unless we mean to enforce their provisions. Take the ordinance against automobiles violating the speed laws. They are violated every day."

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate? — Yes! Certain? — that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this — moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle, or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff! cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use when you see new hair — fine and downy at first — yes — but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents.

MILLERSBURG

—Mr. Lee Clarke has returned to his home at Louisville.

—Mr. and Mrs. John Wright are confined to their home with Spanish influenza.

—The turkey butchering season closed here Friday. Quite a number of the birds were slaughtered.

—Mr. Wadell Beeding is at home from Camp Taylor, Louisville, having received an honorable discharge.

—Miss Irene Jeffreys, of Lexington, arrived Friday as the guest of her uncle and aunt, Mr. and Mrs. R. M. Caldwell.

—Mr. D. E. Clarke returned Tuesday from a hunting outing in Mississippi. He also attended the Grand Lodge of F. & A. M., at Louisville last Monday and Tuesday.

—A recital was given in the auditorium of the Millersburg College, but on account of the influenza ban, only the faculty and pupils were permitted to be present. The school will be dismissed to-day (Tuesday) for the Christmas holidays, and will remain closed until January 2.

—There were no church services in the Millersburg churches Sunday, as the Board of Health deemed it best not to lift the ban. Influenza is still prevalent in the town and vicinity, but only a few cases in town. Every precaution is being taken to prevent a spread of the disease, in order that the schools may reopen on January 2 of the New Year.

—The Red Cross campaign started here yesterday under the auspices of the Millersburg Chapter of the Red Cross. Chairman W. A. Butler is being assisted by the following captains: Miss Ruth McClintock, Miss Alfie Ball, Miss Nannie Clarke, Mrs. C. M. Best, Messrs. D. E. Clarke, J. P. Redmon, J. T. Jefferson, John Marr, J. E. Poole and Dr. C. C. Fisher.

—Mrs. G. R. Reynolds entertained twelve of her lady friends Friday at noon with a buffet luncheon, in honor of Miss Lucia Butler, who today will become the bride of Rev. Albert Sidney Venable, Jr., of Virginia. A pleasant time was experienced by all present. The house was darkened and softly illuminated with tapers and candelabras. The decorations consisted of cut flowers and potted plants. The menu consisted of turkey, old ham, escalloped, oysters, other good things of the market and ices. The ladies were handsomely attired. One of the novel features of the occasion was a wish box which was presented to the bride-to-be, with many good wishes and small token of remembrances in keeping with them. The box was sealed and is not to be opened until after Rev. and Mrs. Venable arrive at their Virginia home. Mrs. Reynolds was assisted by her mother-in-law, Mrs. Emma Reynolds, and sister-in-law, Mrs. G. C. Watkins, the latter of London, Ky.

—MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION
If Tongue Is Coated, Breath Bad, Stomach Sour, Clean Liver and Bowels.

Give "California Syrup of Figs" at once — a teaspoonful to-day often saves a sick child to-morrow. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally — look, mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

CURE AT A COST OF 25 CENTS.

"Eight years ago when we first moved to Mattoon, I was a great sufferer from indigestion and constipation," writes Mrs. Robert Allison, Mattoon, Ill. "I had frequent headaches and dizzy spells, and there was a feeling like a heavy weight pressing on my stomach and chest all the time. I felt miserable. Every morsel of food distressed me. I could not rest at night and felt tired and worn out all the time. One bottle of Chamberlain's Tablets cured me and I have since felt like a different person."

Thirty tractors shipped to France by the A. R. C. have plowed 7,500 acres in eight weeks.

CHAMBERLAIN'S COUGH REMEDY

Before using this preparation for a cough or cold you may wish to know what it has done for others. Mrs. O. Cook, Macon, Ill., writes, "I have found it gives the quickest relief of any cough remedy I have ever used." Mrs. James A. Knott, Chillicothe, Mo., says "Chamberlain's Cough Remedy cannot be beat for coughs and colds." H. J. Moore, Oval, Pa., says, "I have used Chamberlain's Cough Remedy on several occasions when I was suffering with a settled cold upon the chest and it has always brought about a cure."

Some Paris People Have Learned That Neglect Is Dangerous

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time — begin treating your kidneys at once with a tried and proven kidney remedy.

No need to experiment — Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Endorsed at home. Read Paris testimony.

Mrs. J. W. Markland, 326 Eighth street, says: "Some few years ago I suffered severely with kidney complaint and sometimes was in a serious condition. I had a constant, dull ache across the small of my back and I was terribly dizzy at times. I have used Doan's Kidney Pills for this trouble and they have helped me more than anything else, always relieving me of the complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills — the same that Mrs. Markland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Present Price \$2.00 Per Share
Par Value \$1.00 Per Share

The money raised from the sale of this stock will continue to be used, as it has been used in the past, in the development and expansion of the company's properties. Over \$825,000.00 of capital raised from the sale of stock has been invested in properties and equipment in the twelve months of the company's existence. Its outstanding position today as the leader among the independent oil companies operating in Kentucky may be ascribed to following this policy of expansion. Results accomplished to date are but a forerunner of those which may be expected to ensue from the further development of the company's concededly valuable holdings, and expansion in the field of its operations through increasing the size of its refining plant, now operating, and the purchase of additional producing properties. In view of progress to date "McCombs" stock at \$2.00 per share is an extremely attractive investment opportunity with the probabilities of unlimited enhancement in value.

DEATHS.

MATRIMONIAL.

LINVILLE—BELL.

—Mrs. Emma Spears Clay, aged sixty-eight, wife of Mr. W. H. Clay, formerly of near Paris, died at her home, 161 Woodland avenue, in Lexington, Saturday night, after a long illness.

Mrs. Clay was born in Bourbon county on May 5, 1850, and was a daughter of the late John K. and Emily Morin Spears. She was one of the county's most estimable women, one whose genial disposition and womanly qualities made her universally esteemed and admired. With her husband and family Mrs. Clay resided on a fine farm near Paris, until a few years ago, when they moved to Lexington, where they have since resided.

Besides her husband, Mr. W. H. Clay, she is survived by two sons, Mr. Matt M. Clay, of Chattanooga, Tenn., and Mr. Roby Clay, of Lexington, one sister, Mrs. J. Will Bedford, near Paris, and one brother, Mr. Solomon Spears, of Columbus, Mo. One of the lasting griefs of her lovely life was the tragic death by drowning years ago of her favorite son, Mr. Henry Clay.

The body, accompanied by the funeral party, will be brought to Paris for interment on the family lot in the Paris Cemetery, at eleven o'clock this (Tuesday) morning. Services will be conducted at the graveside by Rev. I. J. Spencer, of Lexington. The pall-bearers will be Wm. P. Wornall, Woodford Buckner, John M. Clay, E. W. Wickliffe, W. H. Warren, V. E. Phelps, Thos. Johnson and John Ireland.
